ITEM TITLE: **City Street Mileage for Highway Maintenance Payments**

RECOMMENDATION: Approve the attached resolution requesting the Virginia Department of Transportation (VDOT) to increase the official record of the City's street lane mileage for reimbursement of highway maintenance funds.

SUMMARY:

Each year the City submits a list of new or improved streets to VDOT for street maintenance payments. Currently, the City receives \$7,657,355 annually in maintenance payments for 776 lane miles. The State reimburses at different rates for arterial and local lane-miles. During the past calendar year 1.92 lane miles of local streets are eligible to be added by VDOT for state reimbursement which should yield about \$15,827 in additional highway maintenance funds annually. The increased lane mileage is a result of new subdivision development, i.e. Beacon Hill and additional streets off of Enterprise Drive. Ivy Drive was widened and is now eligible for State reimbursement.

PRIOR ACTION(S):

BUDGET IMPACT:

The additional 1.92 lane miles that are eligible to be added by VDOT for state reimbursement should yield an additional \$15,827 annually. The money will need to be appropriated by the City after the beginning of the State's fiscal year (October).
